

# OUR PROMISE TO YOU

- Your business comes first.
- We will discuss your business, the history of your business and your vision/plans for your business before suggesting a product or institution.
- We will ensure that YOU get the right product for your business at the best possible rate at the right time.
- We will “look out” for your business by being in regular contact with YOU.

Looking out for your business!

## YOUR BUSINESS AND YOU!

*Every business has five major components, which must work together in order to function effectively. These are: Personnel, Equipment, Premises, Product & Services and finally the most vital 'Capital' - without cash resources, no organization can continue to exist, 'Capital is the Lifeblood'. (Ward, 2002)*

Be it a sole trader or a 1000 staff company, as the leader at the helm of your business, YOU are constantly juggling between your vision for the company, the industry trends, the suppliers, the staff issues, policies – local and international and how they affect your business and financial issues facing your business to name but a few.

From a strong economy to a major recession, the need for capital is constant. Capital is needed for equipment, vehicles, inventory and premises. We can help YOU access a wide range of lessors, commercial mortgage sources and providers of working capital. We know the various strengths and weaknesses of each funding source, which will help provide the best “fit” for YOU.

All the above have a huge impact on the success or failure of your business. We could thus play a critical role in your business by helping YOU choose the right product at the right cost and ultimately getting you to where you want to be.

## SO WHY CHOOSE US?

We put your business first!

YOU and your business will never be a number or a prospect to us. With over a decade of experience in the financial industry, we just do not pass YOU onto a financial institution.

Utilizing the experience gained in business banking and financial modelling, we have an in-depth discussion with YOU in regards to your business, the financial statements and your vision for the business going forward.

After careful analysis of your goals and assessing your needs, we then search our database of financial institutions to see which institution is best equipped to meet your business needs.

We then provide a report to the financial institution about your goals and needs so that they can cater to your business and needs on an individual basis.

Above everything else, we keep in touch with YOU on a regular basis to see if we can be of further assistance.

Be the Winner!

## WHO ARE WE?

We are your cheering squad!

Our priority is YOU. Our mission is for YOU to win.

To do this, we use our extensive experience in the financial industry to identify the best product for YOU.

Our research and know how of the financial mortgage market is second to none.

Saying that we have a decade of experience in the financial industry is just talk if we do not walk the walk with YOU and make YOU a winner.

Making YOU win is our goal.

We are your #1 fan!
